

# **DITEC TRAFFIC C/CM**

Zunanja vrata za intenziven promet

# DITEC TRAFFIC C/CM

Ditec Traffic C so robustna zložljiva vrata, idealna za zunanje aplikacije. Traffic CM je primeren za večje dimenzije

## Izboljšani delovni pogoji

### OPTIMIZIRANI PROCESNI TOK

400 V motor v kombinaciji s protiutežmi omogoča hitro odpiranje in zapiranje vrat. Z INVERTERmotion lahko hitrost spreminjamo in povečamo do 1,3 m/s.

### PRIHRANEK ENERGIJE

Velika obratovalna hitrost preprečuje, da bi vrata ostala odprta dlje, kot je potrebno. Tako delovno okolje ostaja stabilno in energijo lahko prihranimo.

### ODPORNOST NA VETER

Zahvaljujoč ojačitvenim palicam v zavesi, Ditec Traffic C/CM vzdrži obremenitve vetra do razreda 2. Načelo zlaganja zagotavlja, da se vrata lahko zaprejo tudi pod močnim vetrom.

Vodoravne ojačitvene palice

## Varnost zagotovljena

### VAROVANJE LJUDI IN BLAGA

Samotestiranje, občutljiv spodnji rob in fotocelice ali svetlobna zavesa zaznajo morebitne ovire in po potrebi ponovno odprejo vrata.

### ODPIRANJE V SILI

V nujnih primerih lahko rdeči ročaj obrnete, da sprostite protiutež in odprete vrata.

Odpiranje v sili

## Pameten & lep dizajn

### ITALIJANSKI IZGLED

Vrata Ditec Traffic C / CM imajo lepo dodelan okvir vrat. Na Traffic C so na voljo popolnoma prosojni odseki za največjo vidljivost.

### NIZKI STROŠKI VZDRŽEVANJA

Ditec Traffic C/CM z najbolj dostopnim operacijskim sistemom zahteva malo vzdrževanja.

### PRIHRANEK PROSTORA

Ditec Traffic C/CM zahteva omejen prostor za montažo. Samonosilni okvir in odsotnost stranskega motorja omogočata namestitvev na hodnik ali drug omejen prostor.

Modularni odseki

© Entrematic Group AB – 2021

Entrematic offers a comprehensive range of products for industrial, commercial, institutional and residential applications, including sectional doors, loading dock equipment, high-performance doors, residential garage doors, pedestrian doors, gates and barriers, and automation and operators.
